

# THE CONDOR FLYER

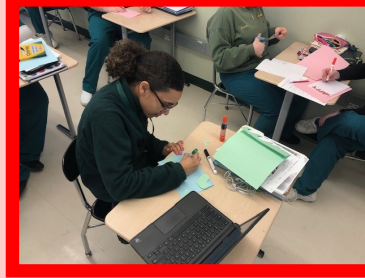

Emmett O'Brien Technical High School

February 3-14, 2020

## **Be My Valentine!**

The senior Health Tech Students made Valentine's Day cards for the children at Yale New Haven Hospital. The students worked with AmeriCorps to design the cards which will be delivered to the sick children on Friday Feb 14th.

## **School Counseling Week**

National School Counseling week was Feb 3rd - 7th. During the morning announcements each day of that week the counselors introduced themselves and read motivational and support-related news to the students. Mrs. Lebouthillier thanked and awarded them with certificates for their impactful efforts to our students everyday.

## **Admission Advisory Committee**

On Wednesday, January 22nd the Admissions Advisory Committee met for the second time this year. It is the responsibility of the AAC to determine that the Admissions Procedures have been fairly administered and scored. They are also responsible for recommending the manner in which the ranked list of applicants is used in the selection of students that will be offered admission to EOB.

Thanks to all of the members participation and recommendations throughout this process, the guidelines have been approved for the acceptance of the Class of 2024!

Special thanks to Chef Valle, Chef Costa and the Culinary Arts students for preparing and serving an exceptional breakfast.

## **12 Angry Men Play**

Mr. Brennan's Freshmen English classes are currently working on the classic play 12 Angry Men. The students volunteer to take parts and read the script while sitting in a circle - just like in an actual jury room. This 60-year old play - besides providing an excellent look at our judicial system and how it works - is still relevant today as the themes of justice, prejudice and diversity are all woven into the powerful story.
