

ENJOY!

EMMETT O'BRIEN TECHNICAL HIGH SCHOOL

THE CONDOR FLYER

Lights, Camera, Action!

The CTECS C.A.R.E.S. Committee is presenting a session for the NEASC International Conference. They are creating an inspirational video trailer featuring students representing our vision, that will have an extraordinary impact upon conference attendees from around the world. On November 16th, Mr. Jason Malli arrived at EOB to record selected students and faculty members. They were asked to respond to the question, "What if everyone...? Additionally they were asked to say, "we care." Pictured left to right are Kyle Monteiro, Alissa Hansen, Mr. Moran, Mrs. Sheppard, and Mr. Malli.

Football and Cheer Banquet

On November 30th, the Condor Football Team and Cheerleading Squad brought the 2021 Football Season to an end at the Villa Bianca Banquet Hall. The athletes were honored by Emmett O'Brien's Gridiron Club and celebrated by their coaches, family and friends. Coach Mihaly and Coach Schryver reflected on the resilience, hard work, and spirit demonstrated by players and cheerleaders throughout the 2020 and 2021 seasons. Players referenced the brotherhood and sisterhood they became a part of and shared the lifelong memories they created with their teams. The Condors also thanked their parents and family for their support all season and the countless rides to and from practice and games.

Toys 4 Kids Campaign

The National Honor Society raised over \$1,000 for TEAM, Inc.'s Toys 4 kids campaign! The chairs for the event were Alyssa Greenlaw and Kaylene Kezer. Thank you to everyone who helped support this

The Holiday Cheer Challenge

MDET Students Caring and Sharing

Grade 11 MDET students created festive holiday artwork to be displayed on Principal LeBouthillier's office door and the EOB Cafe entrance. Grade 10 students created and hand delivered compliment notes to shop and academic teachers, as well as the Main Office and Guidance Department. The compliments were much appreciated by all! Students also made snowflakes and distributed them to students and staff on Thoughtful Thursday. **Thank you MDET!**

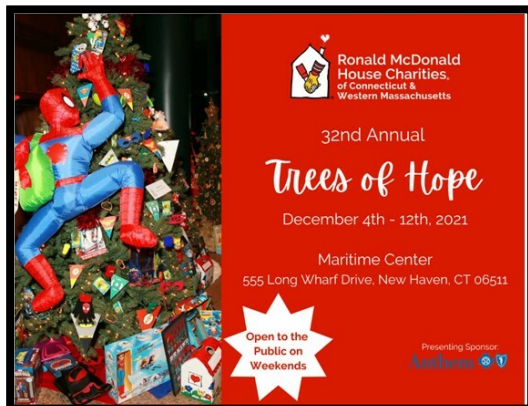

Staff Appreciation Luncheon

On December 2, Mrs. LeBouthillier along with the help of Chef Valle provided the staff with a delicious luncheon, for all of their hard work, dedication and effort that they put towards making Emmett O'Brien the best Technical School. Thank you!

Ronald McDonald House Trees of Hope

For the past 8 years, EOB has participated in the Ronald McDonald House of Connecticut's Trees of Hope event by collecting funds to purchase a "dream gift" to donate to the event. The RMHC provides a temporary "home away from home" for families of children who are being treated at nearby hospitals and healthcare facilities. The staff at EOB, coordinated by Mrs. Horbal, generously donated enough to purchase two Nintendo Switch Lites, each with a \$10 Nintendo eShop gift certificate, as "dream gifts" to be part of the Trees of Hope event for the RMHC. Thank you to all the staff who donated!

Coffee with the Principal

EOB Safety Committee

The School Safety Committee met on November 22, 2021. They would like to remind all staff and students to practice hand hygiene, mask-wearing, and social distancing.

Coffee With the Principal

On September 7th, Mrs. LeBouthillier welcomed parents to "Coffee with the Principal". Some of the topics covered include Trade Selection Night, assessments and Community Events.
