Remember me! Recuerdame!

A person's most meaningful mission is to live life to the fullest. On this journey, we have many opportunities to leave footprints or leave a legacy to inspire others. For this CARES challenge, Spanish and English learners reflected on how they would like to be remembered. This activity relates to the day of the dead, where butterflies have special meanings. The monarch butterfly plays a significant role in Dia de los Muertos as it is believed that they carry the spirits of the departed. This belief stems from the fact that the first monarchs arrive in Mexico for the winter each fall on Nov. 1, which coincides with *Día de Los Muertos*.
