PMT EARNS HAAS GRANT

The Gene Haas Foundation recognizes that the future of manufacturing in the United States – and around the world – depends directly upon the availability of skilled workers. Expanding the pool of skilled workers hinges on recruiting more young people to pursue careers in manufacturing, and creating state-of-the-art advanced manufacturing training programs to ensure that graduating students have the skills necessary when they enter the workforce.

The Gene Haas Foundation recently issued a \$15,000 grant check to support scholarships and NIMS credentialing for students in Emmett O'Brien's Precision Machining Shop.

PMT has received **over \$100,000** in grants and donations over the last 6 years. Congratulations!

EOB CARES SPOTLIGHT

BUSINESS INSIDER

My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style."

The quote means to live your life the way that you want to live it. Maya Angelou told the way that she wants to live her life to her fullest. ~Maev

MAYA ANGELOU

Ms. Johnson's 9th grade resource class researched Maya Angelou quotes and wrote a sentence or two about what it meant to them.

- "I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel."
- "Do the best you can until you know better. Then when you know better, do better."
- "What you're supposed to do when you don't like a thing is change it."

The thing that I have learned from the quote is how to learn the right the way ~Stephen

"You will face many defeats in your life, but never let yourself be defeated."
