Bracelets will be delivered upon arrival

SENIORS SHARE BUSINESS EXPERIENCE

Seniors Michael Sampieri and Alicia Curry spoke to junior Student Leadership and Art classes about the process of starting a business in the state of CT. They explained LLCs, insurance, EINs, pricing, advertising, and leasing, among other things.

Michael has an auto detailing business in Shelton and 3 employees who work for him, in addition to working a WBL job in his trade.

Alicia has a beauty studio in Ansonia where she does lashes. She also rents space in her studio to a nail tech and a hair braider.

Congratulations to these young entrepreneurs who were excellent speakers!

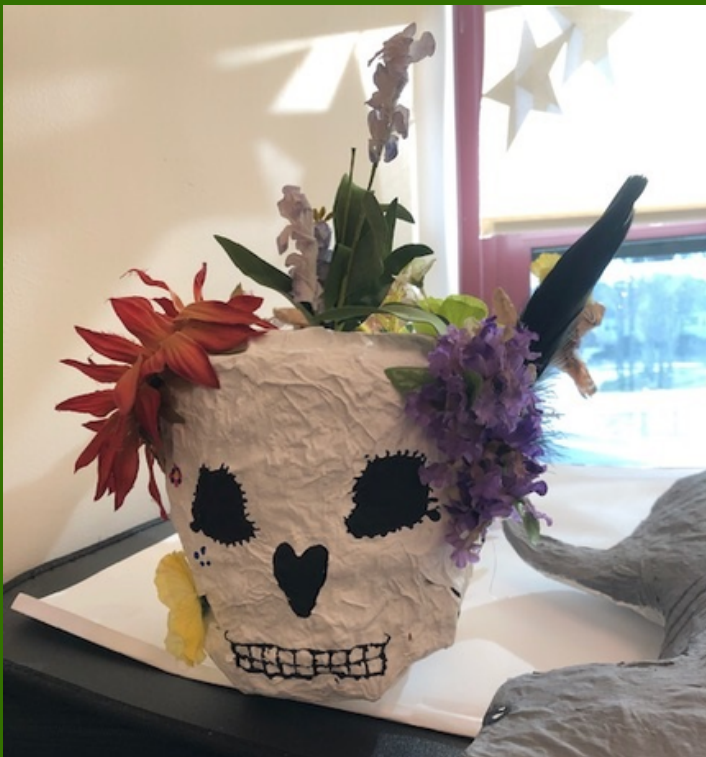

PAPIER-MÂCHÉ PARADE

Students created paper mache projects. They constructed from bottles, cardboard, tape, and paper. Next they paper mached and finally got to paint their sculptures.

Students were so creative this year. Sculptures included shop tools, characters, gummy bears and food items. Great job juniors!

All are invited to attend
