UPCOMING EVENTS

- March 1st: Club Day
- March 11th: Faculty Meeting
- March 12th: 9th Grade Level Meeting

EOB CHEERLEADERS LAND ON TOP

Our EOB cheer team placed first on Friday, February 21st, in the first CTC cheer competition. They also tied with Wilcox for best dance and Rory Colon received the rising star award for team spirit and dedication. Congrats to our cheerleaders on their big win!

SKARLETH RECOGNIZED AS A RISING STAR!

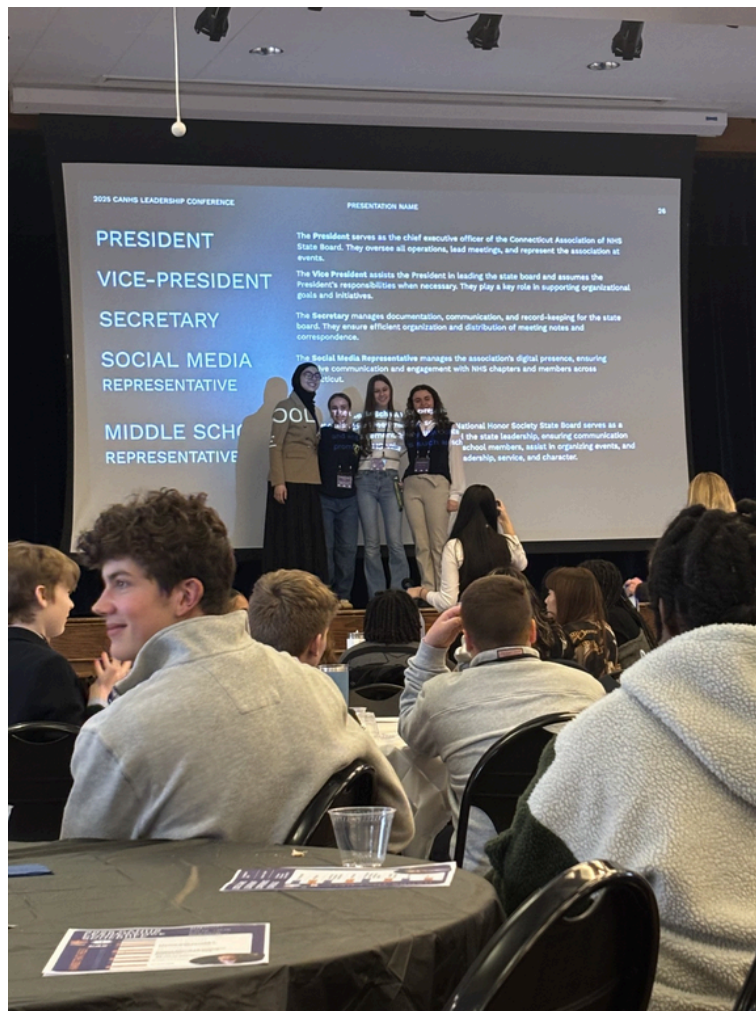

MDET Senior Skarleth Conde has been selected as a 2025 NCWIT Aspirations in Computing High School Award Connecticut Rising Star!

The Connecticut Affiliate of the National Center for Women and Information Technology has recognized Skarleth for her curiosity and interest in computing and technology, and her aspirations to pursue technology throughout her future journey in order to solve problems and positively impact humanity. Congratulations!

“SOUP”ER BOWL HELD!

During the month of February, Mrs. Adams and Mr. Treadwell held the “Soup”er Bowl. Most students placed their donated canned goods and food items on the Eagles’s side, predicting they would win! A total of 111 food items were donated and will be delivered to the Little Free Pantry on Skokorat located in Seymour.

CANHS LEADERSHIP CONFERENCE

16 members of the National Honor Society attended the CANHS (CT Association of National Honor Societies) on Thursday, Feb. 27 at Trinity College in Hartford. Chapters from all over the state were present, totaling over 200 students. The students listened to a keynote speaker, attended breakout sessions and then had a networking lunch (complete with a soft-serve ice cream station)! Following lunch, anyone wishing to run for executive board were invited to give a 1 minute campaign speech, followed by a democratic vote.

We are thrilled to announce that O'Brien Tech's very own 11th grade PMT student Abigail Rogucki was elected President of the CANHS for the 2025-26 school year!! Abby will be spearheading a statewide service project and helping plan next year's leadership conference. Please click [this link](#) for more info on the CANHS!

FORMER CONDOR SOARS HIGH

Lynette (St. Germain) Proch graduated from the Drafting department in 2008. She married her high school sweetheart, Mark Proch from Machine Tool. She recently received the Elite Application Engineer award from SOLIDWORKS! It takes passing over thirty certifications - the first she received here - as well as being an active member of the Solidworks and 3DExperience community. This is an amazing achievement in the field of Engineering!

A TASTE OF NEW ORLEANS

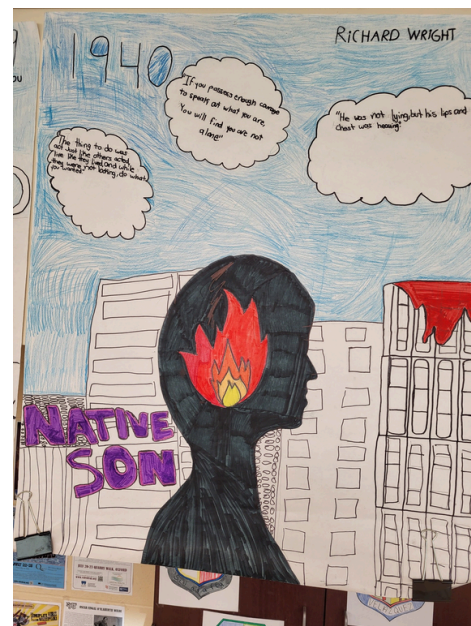

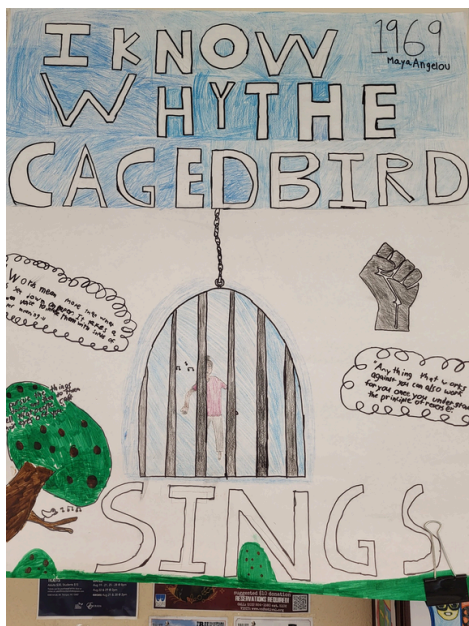

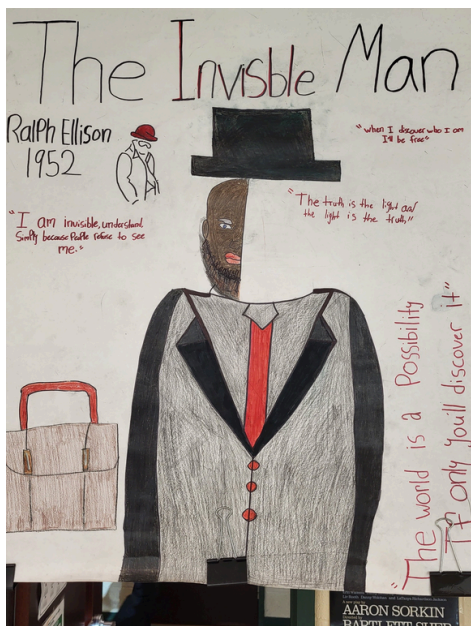

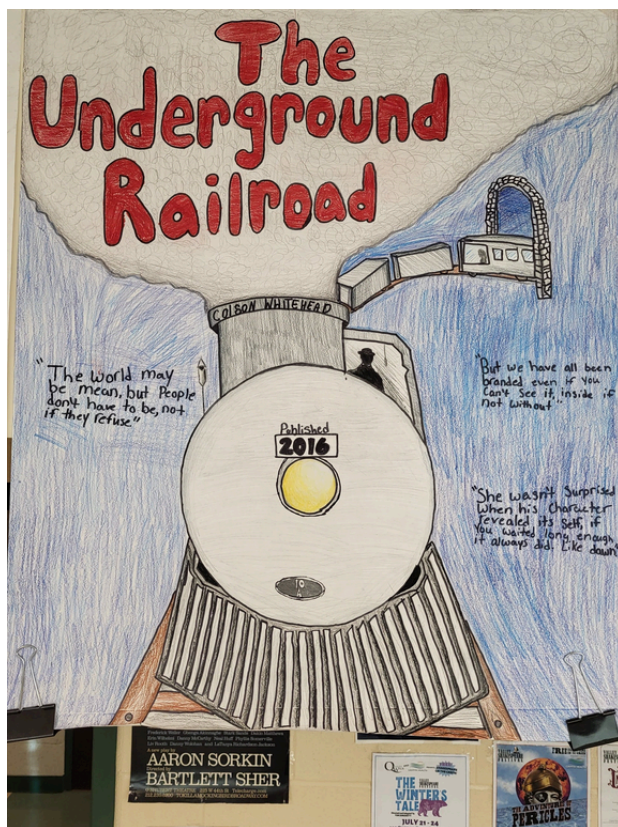

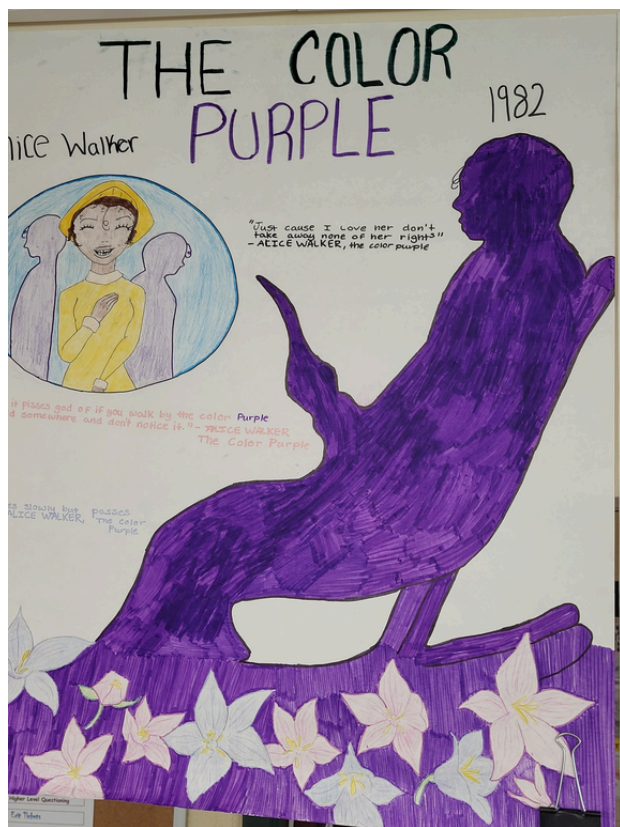

Culinary will have King Cake Challenge on Tuesday, March 4th, 2025. If you find the baby in your slice, you win a free Lunch! Slices are \$1.00 each.

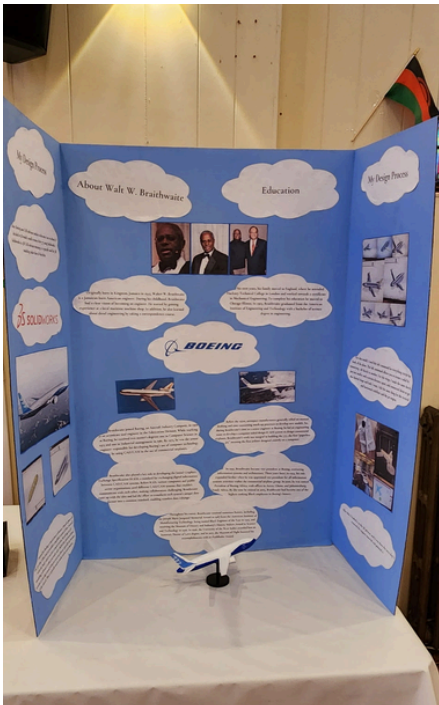

They will also be offering a Marti Gras Menu all week. Come and enjoy a taste of New Orleans! Support Chef Costa, Chef Rogers and their Culinary Arts students!

CELEBRATING BLACK AUTHORS

Freshmen in Mr. Brennan's English classes recently completed a group art project celebrating Black History Month. The students researched information on several different great novels written by Black authors and created posters highlighting words and images representing the books. Here are some of the wonderful posters. Great job, freshmen!!

BRAITHWAITE AND BOEING

MDET senior Caitlyn Francis shared a project she completed for Black History Month. The project showcased Walt Braithwaite and his work on a Boeing engine.

SKILLSUSA UPDATES

The Emmett O'Brien Technical High School SkillsUSA chapter has achieved the Quality Chapter Status in the United States. This has been through the hard work and dedication of the Officers and students willing to commit themselves to excellence.

This year there have been a record number of students attending the Leadership Conference and Regional Competition. We are sending 23 students to the State of Connecticut Competition on March 28, 2025!

The next step for our chapter is to apply for the Level 2 recognition and share all of the amazing activities and community events the students are hosting! A t-shirt drive is being held through the month of March - the prize for the most shirts donated and Regionals points will be preferred seating during the award ceremony! Consider donating your old t-shirts to a worthwhile cause. The students will be making dog toys and donating them at the State competition.

Please also mark your calendars for the May 17, 2025 Car Show. Plan to attend, have breakfast and lunch, along with enjoying the music of DJ Jazzy Kat! Kathleen Kulas is an Alumni of EOB Culinary Arts program. Her son was an MDET student, a SkillsUSA Officer and a SkillsUSA State Officer. The car show will be broadcast in multiple nations as her followers are world-wide! Stay tuned!
